

Conference of Food Engineering 2018

September 9-12, 2018

Minneapolis, Minnesota, USA

We are pleased to announce that the 14th Conference of Food Engineering (CoFE 18) will be held Sunday – Wednesday, September 9-12, 2018 in Minneapolis, Minnesota, USA. The past meetings were well attended by faculty and students from universities around the world, by researchers from policymaking and regulatory agencies such as USDA and FDA, and by engineers and scientists from the food industry. The events also received great support and sponsorships from major companies. We sincerely invite you be part of this event to contribute, learn, and build networks. CoFE 18 will cover a broad scope of issues related to food process engineering, both theory and practice. The conference will include plenary lectures, panel discussions, workshops, technical sessions, and poster sessions.

More information on the session topics, participating speakers, and presentation titles, registration and sponsorship information will be made available soon.

Contact Professor Roger Ruan (ruanx001@umn.edu) or Professor Paul Chen (chenx088@umn.edu) for more information.

CoFE 18 Organization Committee Co-Chairs: Roger Ruan and Kumar Mallikarjunan

Organization Committee Members: Sudhir Sastry, Paul Chen, Lester Wilson, Juming Tang, Gonul Kaletunc, Yanyun Zhao, Ashim Datta, Jonathan Wong, Pingfan Rao, Yingkuan Wang, Joana Montenegro, Vivian Wu

CoFE 18 will be organized by the newly formed **Society of Food Engineering (SoFE)**. Website is currently under construction. Details forthcoming.
